OPTIMUM

COMFORT

**Give your interiors
a touch of natural elegance.**

Soltis Touch combines aesthetic qualities
with high levels of thermal, acoustic and light
protection performance.

5%

Transparency maintained to take
full advantage of the exterior view
and natural light.

A touch of singularity ousting uniformity and neutrality.

A uniquely natural effect created by an exclusive weave combining different materials and colours.

Soltis Touch plays with light, creating chromatic effects and interplay of transparencies designed to give character to your interiors.

Solar protection becomes an essential part of your interior design.

3%

The ideal combination of aesthetics, thermal, visual and acoustic comfort.

A UNIQUE WEAVE FOR A 100% NATURAL LOOK

1%

The ideal solution for controlling glare and enhancing acoustic comfort.

SUPERIOR PERFORMANCES FOR RELAXING INTERIORS

Thermal performance

Soltis Touch excludes up to 91% of incoming heat to maintain a stable interior temperature in summer without increasing air conditioning requirements. This enhances user comfort and building energy performance.

Visual comfort

Soltis Touch maintains outward views and uninterrupted natural light while protecting from glare.

Acoustic performance

Soltis Touch reduces reverberation, thereby improving the occupants' acoustic comfort. The fabric absorbs up to 45% of the noise within a 100 mm air gap.

Fire safety

Soltis Touch meets international standards for fire rating standards and does not contribute to flashover.

Health safety

Soltis Touch fabric is guaranteed totally phthalate-free. It is certified Greenguard Gold, proving the fabric complies with the most stringent indoor air quality standards. It therefore contributes to creating a healthier interior.
